

POST-DOCTORAL FELLOWSHIP IN HIGH ENERGY THEORY GROUP

The BNL job link for BNL JOB ID#15942 is:

https://jobs.bnl.gov/psc/Jobs/EMPLOYEE/HRMS/c/HRS_HRAM.HRS_CE.GBL

The description of BNL Job ID #15942 is shown below:

Requires a Ph.D. in Theoretical Elementary Particle Physics within the last five years.

The High Energy Theory Group may have a post-doctoral position available beginning October 1, 2012. The group has active programs in all areas of Particle Physics, including Standard Model and beyond, and lattice gauge techniques. In addition to submitting your CV through BNL Careers, please arrange three letters of recommendation in PDF to be sent to: nkelly@bnl.gov and cc. soni@bnl.gov. Applications will be reviewed starting December 1, and the application deadline is December 15, 2011.

Under the direction of A. Soni, Physics Department.

BNL policy states that research associate appointments may be made to individuals who have received their doctorate within the past five years. BNL is an Affirmative Action, Equal Opportunity Employer committed to the development of a diverse workforce.

Please follow the following steps to apply for BNL Job ID#15942 electronically:

-Go to www.bnl.gov

-Click on the “Jobs” tab located on the left side column of the web page

-Click on “Search Job List”

-Select “Postdoctoral/Scientific Staff” within the dropdown box

-Click on Job ID #15942, “Research Associate, High Energy Theory (6482)”

After submitting the electronic application, please forward three letters of recommendation nkelly@bnl.gov
